

Homework Self-Grading Rubric

Score	Description
3.5	All problems are complete. The assignment is neat, organized, and easy to follow. All work is shown for each problem and justifications/explanations are provided. Any verbal explanations are given in complete sentences. The student took time to make corrections in a colored marking pen.
3	All problems are complete. The assignment is neat and easy to follow. Most of the work is shown for each problem and justifications/explanations are provided. The student took time to make corrections in a colored marking pen.
2.5	All problems are complete, but the assignment could have been organized better. Some work or justification is missing, but most of it is provided. The student took time to make corrections in a colored marking pen.
2	The assignment is mostly complete. Most of the work for the attempted problems is shown. Justifications and explanations are weak. The student made corrections in a colored marking pen.
1.5	The assignment is mostly complete; however the problems lack a lot of work and justification. The student did not put effort into correcting the assignment.
1	Some problems are attempted; however there was little effort put into them. Answers are not explained fully and justification may be missing. The assignment is severely incomplete. The student did not put effort into correcting the assignment.
0	None of the problems were even attempted.
